Dear Prof. Dr. Macro Linari,

Thank you for the job offer and for all the support and assistance throughout the process. I apologize for the delay in getting back to you. After careful consideration, I feel that this one-year project might not be the right fit for me at this moment.

Therefore, I've decided not to accept the offer and will look for opportunities that align more closely with my expertise. I hope we may have the chance to collaborate in the future when I have a stronger foundation in areas such as skeletal and cardiac muscle research.

Thank you once again, and I hope to stay in touch.

Dear Rita,
please, do not consider the webpage I sent you (I realize now that it is for tourists).

If you need help for an accommodation (one room in a house) please let us know.

Best regards,
Marco

Dear Rita,
I asked Daniela and here are the two points:

1. Salary: it is about 1950 euro per month;
4. Travel expenses: the return ticket is paid from the grant.

Please let us know, after your decision, if you need help to find a room in a house in Florence (or nearby the campus in Sesto Fiorentino). In relation to this you can see the web page of the University of Florence (<https://www.st-umaform.unifi.it/vp-385-accommodation.html#>)

Waiting for your decision,

Best regards,
Marco

Dear Rita,
here are some answers to your questions, for the others I ask Daniela Stratini (from the administration office of the department) to help me.

General statments are in the competition notice (the english version I sent you).

1. Salary details: it should be around 1700 euro per month, but I could be wrong. Daniela, am I correct?
2. Housing option: the easiest would be to rent a room or an apartment few km from the campus. The prize should be 400-500 euro per month (if you want I can ask for a room in an apartment for the beginning of your period).
3. you will be involved in the experimental sessions on single muscle fibers together with other people at PhysioLab (in Florence and at the ESRF synchrotron), data analysis and development of mechanical models (the latest will be your responsibility) in relation to the mechanical role of titin in the half-sarcomere
4. travel expenses: I think part of the expenses are from the grant. Daniela, am I right?
5. additional info: the campus is located few km from downtown (Florence) that can be reach by bus. I would suggest to rent a room in an apartment near Florence (not downtown) or in Sesto Fiorentino.

Please ask more information if needed.

Best regards,
Marco

Dear Macro Linari,

In the meantime, could you please provide me with some information related to the following:

Salary details
Housing options
Job responsibilities

Travel expenses
and other information you think I should know before confirming.
This information would be very helpful.

Dear Prof. Dr. Macro Linari,

Thank you for your email and for the information provided.

I would like to request one week to make my final decision regarding
the offer, as I am carefully considering all aspects before
proceeding. Could you please confirm if it would be alright to take
this time before moving forward with the required documentation?

I appreciate your understanding, and I will get back to you with my
decision soon.

Dear Rita,

waiting for the final steps from our administration office, I
anticipate that you have to send us an official translation with the
"dichiarazione di valore" of your qualification (PhD), necessary
to get the VISA, within 30 days.

The request has to be done at the Italian representations in your
country (should be the Italian consulate).

For further information see Art 3 of the competition notice (see
below, last paragraph in red).

Please, let us know.

Best regards,

Marco

Art.3

Requisites for admission to the selection

For participation in the selection, the following qualifications and
curricular requirements are mandatory:

Requirements:

- LM - Laurea magistrale attinente al programma di ricerca, o
titolo equivalente conseguito all'estero

In case the prerequisite is a post-graduate degree only, a PhD will
represent a preferential title for the purpose of awarding the
grants.

Other requirements: Costituisce titolo preferenziale l'esperienza di
ricerca nel settore della biofisica del muscolo.

The requirements must be met by the deadline of the Call for Applications.

For the purpose of evaluating the PhD title, the discussion of the thesis with a positive outcome must happen prior to the commencement of the qualification evaluation procedure by the Admissions Board.

(to be included only if the PhD is only a preferential title)

All academic qualifications obtained abroad (degree, doctorate and any

other qualifications) must, as a rule, be previously recognized in Italy according to current legislation on the matter. The equivalence

of foreign qualifications, if not yet officially recognised, will be evaluated exclusively for the purposes of the admission of the candidate to this selection by the Admissions Board at the time of assessment of academic titles, based on the appropriate documentation

(art.4 para.4).

Candidates in possession of an academic qualification obtained abroad,

which has not yet been declared equivalent by the Italian authorities,

must send the official translation with the “dichiarazione di valore” of the foreign qualification by the competent Italian diplomatic or consular representations in the country of origin, according to the regulations in force on the subject, within thirty days from the decree approving the selection results and in any case within 30 days from the decree approving the selection results and in

any case at the time of signing the contract.

In case the documents are not received within this period the candidate will be not be eligible to sign the contract.
